

Welcome to the Business Academies

Global Brigades invites aspiring business students to join the #1 international business academy to get hands-on consulting experience while making an impact.

Utilize business consulting frameworks to identify opportunities for increased income and resolve financial challenges of small rural and refugee businesses.

Provide capacity building workshops to the community business leaders to improve their business strategies and inspire proper marketing and management practices.

Work alongside international business professionals who will mentor you through the consulting process and support you to create relevant and impactful deliverables.

Explore local historical sites, including the Panama Canal, Greece's Acropolis and Mayan Ruins in Belize, as well as engage in cultural activities to deepen your understanding of the local culture, history and economy.
